Q: By any chance is Gaimon my father? (Inquiry from the Ministry of Education, Science, and Culture.)

A: Darn! You found out! You tracked him down through the Ministry of Science. I didn't consider that possibility. Gaimon told me not to tell anyone, but I guess there's no way to hide it now. Fine! Go meet him! You're Gaimon's son! Leap into his arms and hug him! And while you're at it, leap into the ocean and cool your head, you little weirdo!

Q: I said to my friend, "Buggy's totally cute!" ♡and she took a step back and said, "You're weird!!" Am I weird?

A: Yes, you are weird!! But I like him too, that Buggy. But I'm not weird... I'm a special exception. Yeah, that's right.

Q: I have a request. ♡Please give me Gaimon.♡

A: Uh... okay... But check with his son first.

Q: When an artist is drawing Chapter 10, which chapter is appearing in Shonen Jump?

A: I see... I used to be interested in these questions myself. At present, issue 46 of **Shonen Jump** (the Japanese edition) is out in the world. The **One Piece** chapter in there is Chapter 60. However, I've finished drawing Chapter 63. So a chapter emerges in the world three weeks after I've completed it.
But this is just my schedule, right now. Not everyone drawing for weekly publication does it the same way. And I might change, too. It varies.
